SUMMARY

A dedicated full-stack web developer focused on delivering tangible outcomes. Possessing entry-level expertise, I specialize in crafting responsive web applications utilizing a diverse skill set encompassing HTML5, CSS3, JavaScript, React, Redux, Ruby, and Ruby on Rails. Enthusiastic about pair programming and thriving in remote work settings.

EXPERIENCE

MICROVERSE, *Remote*
Mentor (Volunteer), October 2022 – Present
- Mentoring junior web developers, and providing technical support through code reviews.
- Proposing improvements to code organization to improve code quality and overall performance.
- Providing advice and tips on how to maintain motivation to maintain longevity in the program.

EDUCATION

MICROVERSE, September 2022 – Present
Remote Full Stack Web Development Program, Full Time
- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developing skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

JOMO KENYATTA UNIVERSITY OF AGRI AND TECH, January 2022 – August 2022
Certificate, Information Technology
- Attained Distinction (A)
- Obtained technical and technological ICT skills required by the industry at the certificate level.
- Equipped with problem-solving skills and can adapt to a fast-changing technological world.

MORINGA SCHOOL, February 2021 – August 2021
